

## SDP on a page

In phonics, we want to improve outcomes so we can read more words.

In reading, we want to become fluent readers so that we can read to help us to learn.

In English, we want to make our handwriting and presentation as neat as possible while developing our sentence structures.

In Maths, we want to be fluent mathematicians who can solve reasoning problems

With attendance we want to make sure that we come to school every day that we can

What are we doing to improve our school this year?

In the Foundation Stage, we want to build solid foundations of learning and behaviour

This year our School Governors to make sure that we have everything we need to make our school better

Our Pupil Voice will make sure that we all have a say about the running of our school

We will make sure our curriculum is engaging and accessible for all learners and prioritises learning more and remembering more
